Trail Maintenance:

Corey: Marked & ready

Mark: Marked & ready.

Travis: Marked and ready.

Rich: Marked and ready

Earl : Marked and ready.

JT : Marked and ready.

Thanks to all for helping complete this large task.

Raffle: Several raffle ideas were shared by Josh Abler, Raffles such as gun/cash, cash only, 50/50, or other combinations. Corey brought rough figures on a dinner with raffle to the club. More information will be gathered for this idea.

Groomer: Wes reported groomer fluids are filled or changed, drive cogs are rotated to extend life, repairs are complete on carrier bushings etc. Tracks are on and ready with one track patch to be completed tomorrow morning. This will complete needed repairs. The disc and drag required welding. Revisions were made to the groomer blades. Thanks to Wes and all members that assisted in this large task.

Club ride: The lack of snow has limited planning a date for a local club ride. It was suggested we would throw together a last minute ride if snow permits. We could ride in the area and then return for food and refreshments. Barb from Red Wood said she could provide food on a last minute basis. All members would receive emails as to date, and time of ride. Non e-mail members would be called.

Old Business:

Wayne passed out information on trail intersection numbering. Calumet Sno Trails did not contact us with updates but a map found in Hilbert had the intersection and the improperly marked trail in our area available for sale.

New Business:

Our guest, Ron Vanden Booguard our Calumet County AWSC Director shared meaning and importance of legislative bill CAP STEP. All member will receive another e-mail to show support of this bill. By passing this bill resources for trail maintenance should be improved along with increases in club membership.

Ron also talked on forming a youth group in Calumet County, more information will follow and hopefully some members can attend a meeting to establish a group in our area. Date and time will be forwarded when available.

Ron apologized for a lack of contact between our county director and our club. He told the group he will make an effort to attend more of our club meetings to keep us informed on AWSC information and also share any concerns we may have with the AWSC. We thank you Ron for attending and hope we can see you in future meetings.

Some discussion was held on a possible building becoming available for use to house the groomer. The rental would be too expensive to justify. Rough figures to purchase land and build were discussed. Several members will continue to gather info on other options and bring to next meeting.

Meeting Adjourned: 8:52pm

Respectfully Submitted,

Wayne Miller  
KSC Secretary
