Old Business:

Bridge update: Approaches are completed. Thanks to all that helped in this project. The size of the project and other trail maintenance, and groomer repairs raised a question as to ideas or incentives to increase the number of members to help with these projects. One thought was to wave dues if x amount of hours could be documented when a member does services for our club. It was suggested several members would contact other organizations for ideas to increase active members.

Discussion on finding a new chairperson for fundraising and a fundraising idea was tabled and will be discussed further at the January meeting.

The new drag was picked up at Mercer and was in use as of this meeting. Heavy snows made the maiden voyage a task but the results were smooth trails. Thanks to Brian and Pat for making the trip and holding expenses to a minimum.

It was suggested that we try a club ride in our area this season and get families involved. The date selected will be Saturday Feb 5, 2011
Final discussion at our next meeting.
